**10A NCAC 09 .0608 PREVENTION OF SHAKEN BABY SYNDROME AND ABUSIVE HEAD TRAUMA**

(a) Each child care center licensed to care for children up to five years of age shall develop and adopt policies to prevent shaken baby syndrome and abusive head trauma. The policy shall include but not be limited to the following:

1. Recognizing, responding to, and reporting the signs and symptoms of shaken baby syndrome and abusive head trauma;
2. Strategies to assist staff members in coping with a crying, fussing, or distraught child;
3. Strategies to ensure staff members understand the brain development of children up to five years of age and how to properly care for infants;
(4) A list of prohibited behaviors that staff members shall follow in order to care for children in a safe manner. Prohibited behaviors shall include but not be limited to, shaking a child, tossing a child into the air or into a crib, chair, or car seat, and pushing a child into walls, doors, and furniture; and

(5) Resources to assist staff members and families in preventing shaken baby syndrome and abusive head trauma.

(b) A copy of the policy shall be given and explained to the parents of children up to five years of age on or before the first day the child receives care at the center. The parent shall sign a statement acknowledging the receipt and explanation of the policy. The acknowledgement shall contain the following:

(1) The child’s name;
(2) The date the child first attended the center;
(3) The date the operator’s policy was given and explained to the parent;
(4) The parent’s name;
(5) The parent’s signature; and
(6) The date the parent signed the acknowledgment.

The child care center shall retain the acknowledgement in the child’s file.

(c) If a child care center changes the policy at any time, the child care center must give written notice of such a change to the child’s parent 14 days prior to the implementation of the new policy and the parent must sign a statement that attests that a copy of the new policy was given to and discussed with him or her. This statement shall be kept in the child’s file.

(d) Each child care center shall review the policy with staff members prior to the individual providing care to children. The acknowledgement of this review shall contain:

(1) The individual’s name;
(2) The date the individual began caring for children;
(3) The date the center’s policy was given and explained to the individual;
(4) The individual’s signature; and
(5) The date the individual signed the acknowledgment.

The child care center shall retain the acknowledgement in the staff member’s personnel file.

(e) If a child care center changes the policy at any time, the child care center shall review the revised policy with staff members 14 days prior to the implementation of the new policy. The individual shall sign a statement that attests that a copy of the new policy was given to and discussed with him or her. This statement shall be kept in the staff member’s personnel file.

SECTION .0700 – HEALTH AND OTHER STANDARDS FOR CENTER STAFF

10A NCAC 09.0705  SPECIAL TRAINING REQUIREMENTS

(a) At least one staff member shall be knowledgeable of and able to recognize common symptoms of illness.
(b) Staff who have completed a course in basic first aid, shall be present at all times children are present. First aid training shall be renewed on or before expiration of the certification or every three years, whichever is less. The number of staff required to complete the course is based on the number of children present as shown in the following chart:

<table>
<thead>
<tr>
<th>Number of children present</th>
<th>Number of staff trained in first aid required</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-29</td>
<td>1 staff</td>
</tr>
<tr>
<td>30-79</td>
<td>2 staff</td>
</tr>
<tr>
<td>80 and above</td>
<td>3 staff</td>
</tr>
</tbody>
</table>

All staff who provide direct care or accompany children when they are off premises shall successfully complete certification in basic First Aid appropriate for the ages of children in care. The training shall be completed within six weeks of employment; however, at all times when children are in care at least one staff member present must have successfully completed basic First Aid training. First Aid training shall be renewed on or before expiration of the certification. Verification of each required staff member’s completion of this course from an approved training organization shall be maintained in the person’s individual personnel file in the center. The Division shall post a list of approved training organizations on its website at [http://ncchildcare.nc.gov/providers/pv_sn2_ov_pv_pd.asp](http://ncchildcare.nc.gov/providers/pv_sn2_ov_pv_pd.asp). The basic first aid course shall address principles for responding to emergencies, and techniques for handling common childhood injuries, accidents and illnesses such as choking, burns, fractures, bites and stings, wounds, scrapes, bruises, cuts and lacerations, poisoning, seizures, bleeding, allergic reactions, eye and nose injuries and sudden changes in body temperature.

(c) A first aid First Aid information sheet shall be posted in a prominent place for quick referral. An acceptable form may be requested free of charge from the North Carolina Child Care Health and Safety Resource Center.

(d) Each child care center shall have at least one person on the premises at all times, and at least one person who accompanies the children whenever they are off the premises, who has successfully completed certification in a cardiopulmonary resuscitation (CPR) course provided by either the American Heart Association or the American Red Cross or other organizations approved by the Division. Other organizations shall be approved if the Division determines that the courses offered are substantially equivalent to those offered by the American Red Cross. CPR training shall be renewed on or before the expiration of the certification or every two years, whichever is less. Successfully completed is defined as demonstrating competency, as evaluated by the instructor, in performing CPR. The course shall provide training in CPR appropriate for the ages of children in care. Documentation of successful completion of the course from the American Heart Association, the American Red Cross, or other organization approved by the Division shall be on file in the center. All staff who provide direct care or accompany children when they are off premises shall successfully complete certification in a cardiopulmonary resuscitation (CPR) course appropriate for the ages of children in care. The training shall be completed within six weeks of employment; however, at all times when children are in care at least one staff member present must have successfully completed CPR training. CPR training shall be renewed on or before the expiration of the certification. Verification of each staff member’s completion of this course from an approved training organization shall be maintained in the person’s
individual personnel file in the center. The Division shall post a list of approved training organizations on its website at http://ncchildcare.nc.gov/providers/pv_sn2_ov_pd.asp.

(e) Staff shall complete at least four clock hours of training in safety. This training shall address playground safety hazards, playground supervision, maintenance and general upkeep of the outdoor area, and age and developmentally appropriate playground equipment. Staff counted to comply with this Rule shall have six months from the date of employment, or from the date a vacancy occurs, to complete the required safety training. The number of staff required to complete this training shall be as follows:

(1) In centers with a licensed capacity of less than 30 children, at least one staff person shall complete this training.

(2) In centers with a licensed capacity of 30 or more children, at least two staff, including the administrator, shall complete this training.

(f) In centers that are licensed to care for infants, infants ages 12 months and younger, the center director and any child care provider scheduled to work in the infant room, including volunteers counted in staff/child ratios, shall complete ITS-SIDS training. ITS-SIDS training shall be completed within four months of the individual assuming responsibilities in the infant room or as an administrator, and shall be completed again every three years from the completion of previous ITS-SIDS training, the child care administrator and any child care provider scheduled to work in the infant room shall complete ITS-SIDS training. ITS-SIDS training shall be completed within two months of an individual assuming responsibilities in the infant room and every three years thereafter. Child care administrators, as defined in G.S. 110-86(2a), shall complete ITS-SIDS training within two months of employment and every three years thereafter. Completion of ITS-SIDS training may be included once every three years in the number of hours needed to meet annual in-service ongoing training requirements in Section .0700 of this Chapter. At all times, at least one child care provider who has completed ITS-SIDS training shall be present in the infant room while children are in care. Prior to an individual assuming responsibility for the care of an infant, the center’s safe sleep policy for infants shall be reviewed with the individual as required by Rule .0707(a) of this Section.

(g) The child care administrator and all staff members shall complete Recognizing and Responding to Suspicions of Child Maltreatment training within two months of employment and every three years thereafter. Completion of Recognizing and Responding to Suspicions of Child Maltreatment training shall be included once every three years in the number of hours needed to meet ongoing training requirements in Section .0700 of this Chapter. Recognizing and Responding to Suspicions of Child Maltreatment training is available at https://www.preventchildabusenc.org/.

10A NCAC 09 .0801  APPLICATION FOR ENROLLMENT

(a) Each child in care shall have an individual application for enrollment completed and signed by the child’s parent, legal guardian, or full-time custodian. The completed, signed application shall be on file in the center on the first day the child attends and shall include the following information:

(1) The completed, signed application shall be on file in the center on the first day the child attends and shall remain on file until the child is no longer attending.

(2) The completed application shall include emergency medical information as specified in Rule .0802(b) of this Section.

(3) The completed application shall give the child’s full name and indicate the name the child is to be called. In addition, the application shall include the child’s date of birth and any allergies, particular fears, or unique behavior characteristics that the child has.

(4) The application shall include the names of individuals to whom the center may release the child as authorized by the person who signs the application.

(1) Emergency medical information as specified in Rule .0802(b) of this Section;

(2) The child’s full name and the name the child is to be called;

(3) The child’s date of birth;

(4) Any allergies, symptoms of and the type of response required for allergic reactions;

(5) Any health care needs or concerns, symptoms of and the type of response required for these health care needs or concerns;

(6) A completed medical action plan shall be attached to the application for children with health care needs such as allergies, asthma or other chronic conditions that require specialized health services. The medical action plan shall be completed by the child’s parent or a health care professional and include the following information:

(A) a list of the child’s diagnosis/diagnoses, including dietary, environmental and activity considerations that are applicable;

(B) contact information for the health care professional(s);

(C) medications to be administered on a scheduled basis; and

(D) medications to be administered on an emergency basis with clearly stated signs, symptoms and instructions.

The medical action plan shall be updated on an annual basis. Sample medical action plans may be found on the Division’s website at http://ncchildcare.nc.gov/providers/pv_provideforms.asp.

SECTION .1700 – FAMILY CHILD CARE HOME REQUIREMENTS

10A NCAC 09 .1701 GENERAL PROVISIONS RELATED TO LICENSURE OF HOMES

(a) All family child care homes shall comply with the standards for licensure set forth in this Section. A one-star rated license shall be issued to a family child care home operator who complies with the minimum standards for a license contained in this Section and G.S. 110-91.

(b) An individual who provides care for five hours or more in a week, during planned absences of the operator, shall be at least 21 years old, have a high school diploma or GED, have completed a first aid and cardiopulmonary resuscitation (CPR) course as described in Rule .1705, Subparagraphs (a)(3), (a)(4), (b)(2), and (b)(3) of this Section, have completed a health questionnaire, have proof of negative results of a tuberculosis test completed within 12 months prior to the first day of providing care, submit criminal records check forms as required in 10A NCAC 09 .2702, and annual in-service training as described in Rule .1705(b)(5) of this Section. While the individual provides care at a family child care home, copies of required information shall be on file in the home available for review by the Division.

(c) An individual who provides care for less than five hours in a week, during planned absences of the operator shall meet all requirements listed in Paragraph (b) of this Rule, except the requirements for annual in-service training and a high school diploma or GED. The individual shall be literate.

(d) The operator shall conduct 16 hours of orientation, review the appropriate requirements found in this Chapter, including the Emergency Preparedness and Response Plan, and in G.S. Chapter 110, Article 7 with any caregivers, including substitute providers and volunteers, individuals who are providing care prior to the individual's assuming responsibility for individual being left alone with the children, children as follows:

(1) recognizing, responding to, and reporting child abuse, neglect, or maltreatment pursuant to G.S. 110-105.4 and G.S. 7B-301;
(2) review of the home’s operational policies, including the written plan of care, safe sleep policy, and the Emergency Preparedness and Response Plan;
(3) adequate supervision of children in accordance with 10A NCAC 09 .1718(a);
information regarding prevention of shaken baby syndrome and abusive head trauma;
prevention and control of infectious diseases, including immunization;
first hand observation of the home’s daily operations;
instruction regarding assigned duties;
instruction in the maintenance of a safe and healthy environment;
instruction in the administration of medication to children in accordance with 10A NCAC 09.1720(c);
review of the home’s purposes and goals;
review of G.S. 110, Article 7 and 10A NCAC 09;
an explanation of the role of State and local government agencies in the regulation of child care, their impact on the operation of the center, and their availability as a resource;
an explanation of the individual’s obligation to cooperate with representatives of State and local government agencies during visits and investigations;
completion of CPR and First Aid training; and
prevention of and response to emergencies due to food and allergic reactions.
The operator and individual providing care shall sign and date a statement which attests that this review was completed. This statement shall be kept on file in the home available for review by the Division.
An individual who provides care during unplanned absences of the operator, such as medical emergencies, shall be at least 18 years old and submit criminal records check forms as required in 10A NCAC 09.2702, Paragraph (j).
The children of an emergency caregiver shall not be counted in the licensed capacity for the first day of the emergency caregiver’s service.
The provisions of G.S. 110-90.2 which exclude persons with certain criminal records or personal habits or behavior which may be harmful to children from operating or being employed in a family child care home are hereby incorporated by reference and shall also apply to any person on the premises with the operator's permission when the children are present. This exclusion shall not apply to parents or other persons who enter the home only for the purpose of performing parental responsibilities; nor does it include persons who enter the home for brief periods for the purpose of conducting business with the operator and who are not left alone with the children.
The parent of a child enrolled in any family child care home subject to regulation under G.S. 110, Article 7 shall be allowed unlimited access to the home during its operating hours for the purposes of contacting the child or evaluating the home and the care provided by the operator. The parent shall notify the operator of his or her presence immediately upon entering the premises.
An operator licensed to care for children overnight may sleep during the nighttime hours when all the children are asleep, provided:
the operator and the children in care, excluding the operator's own children, are on ground level;
the operator can hear and respond quickly to the children if needed; and
a battery operated smoke detector or an electrically operated (with a battery backup) smoke detector is located in each room where children are sleeping.
(i) Each operator shall develop and adopt a written plan of care for completing routine tasks (including running errands, meeting family and personal demands, and attending classes) to ensure that routine tasks shall not interfere with the care of children during hours of operation. The plan shall:

1. specify typical times for completing routine tasks and include those times on the written schedule, or specify that routine tasks will not occur during hours of operation;
2. specify the names of any individuals, such as additional caregivers or substitutes, who will be responsible for the care of children when the operator is attending to routine tasks;
3. specify how the operator shall maintain compliance with transportation requirements specified in 10A NCAC 09 .1723 if children are transported;
4. specify how parents will be notified when children accompany the operator off premises for routine tasks not specified on the written schedule;
5. specify any other steps the operator shall take to ensure routine tasks will not interfere with the care of children; and
6. be given and explained to parents of children in care on or before the first day the child attends the home. Parents shall sign a statement acknowledging the receipt and explanation of the plan. Parents shall also give written permission for their child to be transported by the operator for specific routine tasks that are included on the written schedule. The acknowledgment and written parental permission shall be retained in the child's record as long as the child is enrolled at the home and a copy of each document shall be maintained on file for review by the Division.

(j) If the operator amends the written plan, the operator shall give written notice of the amendment to parents of all enrolled children at least 30 days before the amended plan is implemented. Each parent shall sign a statement acknowledging the receipt and explanation of the amendment. The operator shall retain the acknowledgement in the child's records as long as the child is enrolled in the home and a copy shall be maintained on file for review by the Division.

The form can be found on the Division’s website at http://ncchildcare.dhhs.state.nc.us/general/mb_customerservice.asp. The applicant shall submit the completed application, to the Division that complies with the following:

1. only one licensed family child care home shall operate at the location address of any home; and
2. the applicant shall list each location address where a licensed family child care home will operate.

(b) If a family child care home operates at more than one location address by cooperative arrangement among two or more families, the following procedures apply:

1. one parent whose home is used as a location address shall be designated the coordinating parent and shall co-sign the application with the applicant; and
1 (2) the coordinating parent shall know the current location address at all times and shall provide the
information to the Division upon request.

3 (c) The applicant shall ensure that the family child care home complies with the following requirements:
4 (1) single wide manufactured homes are limited to a maximum of three preschool-age children (not
5 more than two may be two years of age or less) and two school-age children;
6 (2) all children are kept on the ground level with an exit at grade;
7 (3) all homes are equipped with an electrically operated (with a battery backup) smoke detector, or one
8 electrically operated and one battery operated smoke detector located next to each other;
9 (4) all homes are provided with at least one five pound 2-A: 10-B: C type extinguisher for every 2,500
10 square feet of floor area;
11 (5) heating appliances shall be installed and maintained according to NC Building Code Chapter
12 603.5.3;
13 (6) all indoor areas used by children are heated when the temperature is below 65 degrees and ventilated
14 when the temperature is above 85 degrees; and
15 (7) pipes or radiators that are hot enough to be capable of burning children and are accessible to the
16 children are covered or insulated.

17 (d) The applicant shall also submit supporting documentation with the application for a license to the Division. The
18 supporting documentation shall include:
19 (1) a copy of a non-expired qualification letter in accordance with 10A NCAC 09 .2702;
20 (2) a copy of documentation of completion of a first-aid First Aid and cardiopulmonary resuscitation
21 (CPR) course;
22 (3) a copy of documentation of completion of ITS-SIDS training;
23 (4) proof of negative results of the applicant's tuberculosis test completed within the past 12 months;
24 (5) a completed health questionnaire;
25 (6) a copy of current pet vaccinations for any pet in the home;
26 (7) a negative well water bacteriological analysis if the home has a private well;
27 (8) copies of any inspections required by local ordinances; and
28 (9) any other documentation required by the Division according to the rules in this Section to support
29 the issuance of a license.

30 (e) Upon receipt of a complete application and supporting documentation, a Division representative shall make an
31 announced visit to each home. An announced visit is not required by a Division representative if the applicant is
32 subject to the circumstances in Paragraph (g) of this Rule. The issuance of a license applies as follows:
33 (1) if all applicable requirements of G.S. 110, Article 7 and this Section are met, a license shall be
34 issued;
35 (2) if the applicable requirements of G.S. 110, Article 7 and this Section are not met, but the applicant
36 has the potential to comply, the Division representative shall establish with the applicant a time
37 period for the home to achieve compliance. If the Division representative determines that all
applicable requirements of G.S. 110, Article 7 and this Section are met within the established time period, a license shall be issued; or

(3) if all applicable requirements of G.S. 110, Article 7 and this Section are not met or cannot be met within the established time, the Division shall deny the application.

(f) The Division shall allow the applicant to operate prior to the Division representative’s visit described in Paragraph (e) of this Rule when the applicant is currently licensed as a family child care home operator, needs to relocate and notifies the Division of the relocation, and the Division representative is unable to visit before the relocation occurs. An applicant shall not operate until he or she has received from the Division either temporary permission to operate or a license.

(g) The Secretary may deny the application for the license under the following circumstances:

(1) if any child care facility license previously held by the applicant has been denied, revoked, or summarily suspended by the Division;

(2) if the Division initiated denial, revocation, or summary suspension proceedings against any child care facility license previously held by the applicant and the applicant voluntarily relinquished the license;

(3) during the pendency of an appeal of a denial, revocation, or summary suspension of any other child care facility license held by the applicant;

(4) if the Division determines that the applicant has a relationship with an operator or former operator who previously held a license under an administrative action described in Subparagraphs (g)(1), (2), or (3) of this Rule. As used in this Rule, an applicant has a relationship with a former operator if the former operator would be involved with the applicant’s child care facility in one or more of the following ways:

(A) would participate in the administration or operation of the facility;

(B) has a financial interest in the operation of the facility;

(C) provides care to the children at the facility;

(D) resides in the facility; or

(E) would be on the facility’s board of directors, be a partner of the corporation, or otherwise have responsibility for the administration of the business;

(5) based on the applicant’s previous non-compliance as an operator with the requirements of G.S. 110, Article 7 or this Chapter;

(6) if abuse or neglect has been substantiated against the applicant or a household member; or

(7) if the applicant is a disqualified child care provider or has a disqualified household member residing in the FCCH.

(h) In determining whether denial of the application for a license is warranted pursuant to Paragraph (g) of this Rule, the Division shall consider:
(1) any documentation provided by the applicant which describes the steps the applicant will take to prevent reoccurrence of noncompliance issues that led to any prior administrative action taken against a license previously held by the applicant;

(2) training certificates or original transcripts for any coursework from a nationally recognized regionally accredited institution of higher learning related to providing quality child care, and that was taken subsequent to any prior administrative action against a license previously held by the applicant. “Nationally recognized” means that every state in this nation acknowledges the validity of the coursework taken at higher education institutions that meet the requirements of one of the accrediting bodies;

(3) proof of employment in a licensed child care facility and references from the administrator or licensee of the child care facility regarding work performance;

(4) documentation of collaboration or mentorship with a licensed child care provider to obtain additional knowledge and experience related to operation of a child care facility; and

(5) documentation explaining relationships with persons meeting the criteria listed in Subparagraph (g)(4) of this Rule.

(i) The license shall not be bought, sold, or transferred from one individual to another.

(j) The license is valid only for the location address listed on it.

(k) The license must be returned to the Division in the event of termination, revocation, suspension, or summary suspension.

(l) A licensee shall notify the Division if a change occurs that affects the information shown on the license.

10A NCAC 09 .1705 HEALTH AND TRAINING REQUIREMENTS FOR FAMILY CHILD CARE HOME OPERATORS

(a) Prior to receiving a license, each family child care home operator shall:

(1) Complete and keep on file a health questionnaire which attests to the operator's physical and emotional ability to care for children. The Division may require a written statement or medical examination report signed by a licensed physician or other authorized health professional if there is reason to believe that the operator's health may adversely affect the care of the children based upon observations and complaints made to the Division.

(2) Obtain written proof that he or she is free of active tuberculosis. The results indicating the individual is free of active tuberculosis shall be obtained within 12 months prior to applying for a license.

(3) Complete within 12 months prior to applying for a license a basic first aid course that shall address principles for responding to emergencies, and techniques for handling common childhood injuries, accidents and illnesses such as choking, burns, fractures, bites and stings, wounds, scrapes, bruises, cuts and lacerations, poisoning, seizures, bleeding, allergic reactions, eye and nose injuries and sudden changes in body temperature.
Successfully complete within 12 months prior to applying for a license a course by the American Heart Association or the American Red Cross or other organizations approved by the Division in cardiopulmonary resuscitation (CPR) appropriate for the ages of children in care. Other organizations shall be approved if the Division determines that the courses offered are substantially equivalent to those offered by the American Red Cross. Successfully completed is defined as demonstrating competency, as evaluated by the instructor, in performing CPR. Documentation of successful completion of the course from the American Heart Association, the American Red Cross, or other organization approved by the Division shall be on file in the home.

Complete a pre-licensing orientation with a representative of the Division. Training required pursuant to this Rule shall not be counted toward annual ongoing training requirements. Training topics for orientation shall include:

(A) recognizing, responding to, and reporting child abuse, neglect, or maltreatment pursuant to G.S. 110-105.4 and G.S. 7B-301;

(B) review of the home’s operational policies, including the written plan of care, safe sleep policy, and the Emergency Preparedness and Response Plan;

(C) adequate supervision of children in accordance with 10A NCAC 09 .1718(a);

(D) information regarding prevention of shaken baby syndrome and abusive head trauma;

(E) prevention and control of infectious diseases, including immunization;

(F) first hand observation of the home’s daily operations;

(G) instruction regarding assigned duties;

(H) instruction in the maintenance of a safe and healthy environment;

(I) instruction in the administration of medication to children in accordance with 10A NCAC 09 .1720(c);

(J) review of the home’s purposes and goals;

(K) review of the child care licensing law and rules;

(L) an explanation of the role of State and local government agencies in the regulation of child care, their impact on the operation of the center, and their availability as a resource;

(M) an explanation of the operator’s obligation to cooperate with representatives of State and local government agencies during visits and investigations; and

(N) prevention of and response to emergencies due to food and allergic reactions

Documentation of the pre-licensing orientation shall be provided by the Division and kept on file in the home.

(b) After receiving a license, an operator shall:

(1) Update the health questionnaire referenced in Paragraph (a) of this Rule annually. The Division may require the operator to obtain written proof that he or she is free of active tuberculosis.
(2) Complete a first aid course as referenced in Paragraph (a) of this Rule. First aid training shall be renewed on or before expiration of the certification or every three years, whichever is less.

(3) Successfully complete a CPR course as referenced in Paragraph (a) of this Rule. CPR training shall be renewed on or before the expiration of the certification, or every two years, whichever is less.

(4) If licensed to care for infants ages 12 months and younger, complete ITS-SIDS training within four months of receiving the license, and complete it again every three years from the completion of previous ITS-SIDS training. Completion of ITS-SIDS training may be included once every three years in the number of hours needed to meet the annual in-service training requirement in Paragraph (b)(5) of this Rule.

(5) Complete 12 clock hours of annual in-service training in the topic areas required by G.S. 110-91(11), except that persons with at least 10 years work experience as a caregiver in a child care arrangement regulated by the Division of Child Development and Early Education shall complete eight clock hours of annual in-service training. Only training which has been approved by the Division as referenced in Rule .0708 of this Chapter shall count toward the required hours of annual in-service training. The operator shall maintain a record of annual in-service training activities in which he or she has participated. The record shall include the subject matter, the topic area in G.S. 110-91(11) covered, the name of the training provider or organization, the date training was provided and the number of hours of training completed. First aid training may be counted no more than once every three years. Coursework appropriate to job responsibilities taken at a regionally accredited college or university may be counted toward ongoing training requirements. The operator shall maintain a record of training activities, including copies of training certificates or official documentation provided by the trainer. That record shall include the subject matter, topic area, training provider, date provided, hours, and name of staff who completed the training. This documentation shall be on file and current.

(6) Within one year of the effective date of the license, complete the Emergency Preparedness and Response in Child Care training. For the purposes of this Rule, the Emergency Preparedness and Response in Child Care is a training approved by the Division on creating an Emergency Preparedness and Response Plan and practicing, responding to, and recovering from emergencies in child care facilities. Existing operators have two years as of the effective date of this Rule to complete the Emergency Preparedness and Response in Child Care training. Documentation of completion of the training shall be maintained in the operator’s personnel file.

(7) Upon completion of the Emergency Preparedness and Response in Child Care training, develop the Emergency Preparedness and Response Plan. The Emergency Preparedness and Response Plan means a written plan that addresses how a child care facility will respond to both natural and man-made disasters, such as fire, tornado, flood, power failures, chemical spills, bomb threats, earthquakes, blizzards, nuclear disaster, or a dangerous person in the vicinity, to ensure the safety and protection of the children and additional caregivers. This Plan must be on a template provided
by the Division available at https://rmp.nc.gov/portal/#, completed within four months of
completion of the Emergency Preparedness and Response in Child Care training, and available for
review. The Plan shall include the following:

(A) written procedures for accounting for all in attendance, including the location of the
children, staff, volunteer and visitor attendance lists and the name of the person(s)
responsible for bringing the lists in the event of an emergency;

(B) a description for how and when children shall be transported;

(C) methods for communicating with parents and emergency personnel or law enforcement;

(D) a description of how children's nutritional and health needs will be met;

(E) the relocation and reunification process;

(F) emergency telephone numbers;

(G) evacuation diagrams showing how the operator, family members, children and any other
individuals who may be present will evacuate during an emergency;

(H) the date of the last revision of the plan;

(I) specific considerations for non-mobile children and children with special needs; and

(J) the location of the Ready to Go File. A Ready to Go File means a collection of information
on children, additional caregivers and the facility, to utilize, if an evacuation occurs. The
file shall include, but is not limited to, a copy of the Emergency Preparedness and Response
Plan, contact information for individuals to pick-up children, each child’s Application for
Child Care, medication authorizations and instructions, any action plans for children with
special health care needs, a list of any known food allergies of children and additional
caregiver, additional caregiver contact information, Incident Report forms, an area map,
and emergency telephone numbers.

(8) Review the Emergency Preparedness and Response Plan annually or when information in the plan
changes, to ensure all information is current.

(9) Review the Family Child Care Home’s Emergency Preparedness and Response Plan with additional
caregivers during orientation and on an annual basis; and

(10) The operator shall complete Recognizing and Responding to Suspicions of Child Maltreatment
training within two months of licensure and every three years thereafter. Completion of Recognizing
and Responding to Suspicions of Child Maltreatment training shall be included once every three
years in the number of hours needed to meet ongoing training requirements in 10A NCAC 09
.1705(b)(5). Recognizing and Responding to Suspicions of Child Maltreatment training is available
at https://www.preventchildabusenc.org/.

10A NCAC 09 .1719 REQUIREMENTS FOR A SAFE INDOOR/OUTDOOR ENVIRONMENT

(a) The operator of a family child care home shall maintain a safe indoor and outdoor environment for the children in care. In addition, the operator shall:

(1) keep all areas used by the children, indoors and outdoors, clean and orderly and free of items which are potentially hazardous to children. This includes the removal of items that a child can swallow. In addition, loose nails or screws and splinters shall be removed on inside and outside equipment;

(2) all corrosive agents, pesticides, bleaches, detergents, cleansers, polishes, any product which is under pressure in an aerosol dispenser, and any substance which may be hazardous to a child if ingested, inhaled, or handled shall be kept in its original container or in another labeled container, used according to the manufacturer's instructions and stored in a locked area when not in use. Locked areas shall include those which are unlocked with a combination, electronic or magnetic device, key, or equivalent locking device. Unlocking devices shall be kept out of the reach of a child and shall not be stored in the lock. Toxic substances shall be stored below or separate from medications and food. Any product not listed in this Paragraph of this Rule, which is labeled "keep out of reach of children" without any other warnings, shall be kept inaccessible to children when not in use, but is not required to be kept in locked storage. The product shall be considered inaccessible to children when stored on a shelf or in an unlocked cabinet that is mounted a minimum vertical distance of five feet above the finished floor;

(3) ensure potential bio contaminants are stored in locked areas, or removed from the premises or otherwise inaccessible to children, and disposed of appropriately;

(2)(4) safely store equipment and supplies such as lawnmowers, power tools, or nails, so they are inaccessible to children;

(3)(5) ensure that all stationary outdoor equipment is firmly anchored and is not installed over concrete or asphalt. Footings which anchor the equipment shall not be exposed;

(4)(6) securely mount electric fans out of the reach of children or have a mesh guard on each fan;

(5)(7) cover all electrical outlets not in use and remove old, cracked or frayed cords in occupied outlets;

(6)(8) ensure that, for appliances with heating elements, such as bottle warmers, crock pots, irons, coffee pots, or curling irons, neither the appliance nor the cord, if applicable, is accessible to preschool children;

(7)(9) have solid and safe indoor and outdoor stairs and steps if these are used by the children. Indoor and outdoor stairs with two or more steps which are used by the children shall be railed. Indoor stairs with more than two steps shall be made inaccessible to children in care who are two years old or younger; and

(8) maintain any swimming pools or wading pools on the premises in a manner that will safeguard the lives and health of the children. All swimming or wading pools used by children in care shall meet the "Rules Governing Public Swimming Pools," in accordance with 15A NCAC 18A .2500 which
are hereby incorporated by reference including subsequent amendments. A copy of these Rules is on file at the Division at the address given in Rule .0102 of this Chapter or may be obtained at no cost by writing the North Carolina Division of Environmental Health, 1630 Mail Service Center, Raleigh, NC 26799-1630;

(9) enclose any in-ground swimming pools by a fence at least four feet high to prevent chance access by children. The swimming pool shall be separate from the play area. Access to the water in above ground swimming pools shall be prevented by locking and securing the ladder in place or storing the ladder in a place inaccessible to the children; and

(10) safely store all combustible materials that may create a fire hazard.

(b) Prior to enrollment of children in a family child care home, and before new animals that will be in the home come into the family child care home, a parent of each child must sign a form acknowledging the type of animal and where the animal will be during operating hours. This documentation shall be maintained in each child’s file.

10A NCAC 09 .1721 REQUIREMENTS FOR RECORDS

(a) The operator shall maintain the following health records for each enrolled child, including his or her own preschool child(ren):

(1) a copy of the child’s health assessment as required by G.S. 110-91(1);
(2) a copy of the child’s immunization record;
(3) a health and emergency information form provided by the Division that is completed and signed by a child’s parent, as defined in 10A NCAC 09 .0102. A copy of the form can be found on the Division’s website at http://ncchildcare.nc.gov/pdf_forms/DCD-0377.pdf. The completed form shall be on file the first day the child attends. An operator may use another form other than the one provided by the Division, as long as the form includes the following information:

(A) the child’s name, address, and date of birth;
(B) the names of individuals to whom the child may be released;
(C) the general status of the child’s health;
(D) any allergies or restrictions on the child’s participation in activities with instructions from the child’s parent or physician;
(E) the names and phone numbers of persons to be contacted in an emergency situation;
(F) the name and phone number of the child’s physician and preferred hospital;
(G) authorization for the operator to seek emergency medical care in the parent’s absence; and
(A) the child’s full name and the name the child is to be called;
(B) the child’s date of birth;
(C) any allergies, symptoms of and the type of response required for allergic reactions;
(D) any health care needs or concerns, symptoms of and the type of response required for these health care needs or concerns;

(E) a completed medical action plan for children with health care needs such as allergies, asthma or other chronic conditions that require specialized health services. The medical action plan shall be completed by the child’s parent or a health care professional and include the following information:

(i) a list of the child’s diagnosis/diagnoses, including dietary, environmental and activity considerations that are applicable;

(ii) contact information for the health care professional(s);

(iii) medications to be administered on a scheduled basis; and

(iv) medications to be administered on an emergency basis with clearly stated signs, symptoms and instructions.

The medical action plan shall be updated on an annual basis. Sample medical action plans may be found on the Division’s website at http://ncchildcare.nc.gov/providers/pv_provideforms.asp.

(F) particular fears, or unique behavior characteristics that the child has;

(G) the names of individuals to whom the operator may release the child as authorized by the person who signs the application;

(H) the names and phone numbers of persons to be contacted in an emergency situation;

(I) the name and phone number of the child’s physician; and

(J) authorization for the operator to seek emergency medical care in the parent's absence.

(4) The operator shall:

(A) only release a child to an individual listed on the form;

(B) have the information provided in Subparagraphs (3)(A) through (J) of this Rule, readily available and easily accessible to additional caregivers and substitute providers during the time the children are in care; and

(C) use the information provided on the form to ensure that each individual child’s needs are met during the time the child is in care.

(4)(5) when medication is administered, authorization for the operator to administer the specific medication according to the parent's or physician's instructions.

(b) The operator shall complete and maintain other records which include:

(1) documentation of the operator’s Emergency Preparedness and Response Plan on a template which is provided by the Division at http://rmp.nc.gov/portal/#;

(2) documentation that monthly fire drills are practiced. The documentation shall include the date each drill is held, the time of day, the length of time taken to evacuate the home, and the operator's signature;
incident reports that are completed each time a child receives medical treatment by a physician, nurse, physician's assistant, nurse practitioner, community clinic, or local health department, as a result of an incident occurring while the child is in the family child care home. Each incident shall be reported on a form provided by the Division, signed by the operator and the parent, and maintained in the child's file. A copy of the form can be found on the Division's website at http://ncchildcare.nc.gov/pdf_forms/DCDEE-0058.pdf. A copy shall be mailed to the Division within seven calendar days after the incident occurs;

(4) an incident log which is filled out any time an incident report is completed. This log shall be cumulative and maintained in a separate file and shall be available for review by the Division. This log shall be completed on a form supplied by the Division. A copy of the form can be found on the Division's website at http://ncchildcare.nc.gov/pdf_forms/incident_log_i.pdf;

(5) documentation that a monthly check for hazards on the outdoor play area is completed. This form shall be supplied by the Division and shall be maintained in the family child care home for review by the Division. A copy of the form can be found on the Division's website at http://ncchildcare.nc.gov/pdf_forms/fcch_outdoor_inspection_checklist.pdf;

(6) Accurate daily attendance records for all children in care, including the operator's own preschool children. The attendance record shall indicate the date and time of arrival and departure for each child; and

(7) documentation of lockdown or shelter-in-place drills giving the date each drill is held, the time of day, the length of time taken to get into designated locations and the signature of the person who conducted the drill.

(c) Written records shall be maintained as follows:

(1) All children's records as required in this Chapter, except medication permission slips as required in Rule .1720(c)(13) of this Section, must be kept on file one year from the date the child is no longer enrolled.

(2) Additional caregiver records as required in this Chapter shall be maintained on file one year from the employee's last date of employment.

(3) Current program records as required in this Chapter shall be maintained on file for as long as the license remains valid. Prior versions shall be maintained based on the time frame in the following charts:

10A NCAC 09 .1726 PREVENTION OF SHAKEN BABY SYNDROME AND ABUSIVE HEAD TRAUMA

(a) The operator of a family child care home licensed to care for children up to five years of age shall develop and adopt policies to prevent shaken baby syndrome and abusive head trauma. The policy shall include but not be limited to:

(1) Recognizing, responding to, and reporting the signs and symptoms of shaken baby syndrome and abusive head trauma;

(2) Strategies to assist themselves, additional caregivers, and substitute providers in coping with a crying, fussing, or distraught child;

(3) Strategies to ensure that they, additional caregivers, and substitute providers understand the brain development of children up to five years of age and how to properly care for infants:
A list of prohibited behaviors that they, additional caregivers, and substitute providers shall follow in order to care for children in a safe manner. Prohibited behaviors shall include but not be limited to, shaking a child, tossing a child into the air or into a crib, chair, or care seat, and pushing a child into walls, doors, and furniture; and

Resources to assist themselves, additional caregivers, substitute providers, and families in preventing shaken baby syndrome and abusive head trauma.

(b) A copy of the policy shall be given and explained to the parents of children up to five years of age on or before the first day the child receives care at the home. The parent shall sign a statement acknowledging the receipt and explanation of the policy. The acknowledgement shall contain the following:

1. The child’s name;
2. The date the child first attended the home;
3. The date the operator’s policy was given and explained to the parent;
4. The parent’s name;
5. The parent’s signature; and
6. The date the parent signed the acknowledgment.

The operator shall retain the acknowledgement in the child’s file.

(c) If an operator changes the policy at any time, the operator must give written notice of such a change to the child’s parent 14 days prior to the implementation of the new policy and the parent must sign a statement that attests that a copy of the new policy was given to and discussed with him or her. This statement shall be kept in the child’s file.

(d) The operator shall review the policy with additional caregivers and substitute providers prior to the individual providing care to children. The acknowledgement of this review shall contain the following:

1. The individual’s name;
2. The date the individual began caring for children;
3. The date the operator’s policy was given and explained to the individual;
4. The individual’s signature; and
5. The date the individual signed the acknowledgment.

The operator shall retain the acknowledgement in the individual’s file.

(e) If an operator changes the policy at any time, the operator shall review the revised policy with additional caregivers, and substitute providers 14 days prior to the implementation of the new policy. The individual shall sign a statement that attests that a copy of the new policy was given to and discussed with him or her. This statement shall be kept in the individual’s file.

Authority G.S. 143B-168.3;
(a) The requirements in this Rule apply to aquatic activities, which are defined as activities that take place in a body of water such as swimming, swimming instruction, wading, and visits to water parks. Aquatic activities do not include water play activities such as water table play, slip and slide activities, or playing in sprinklers.

(b) Aquatic activities involving the following are prohibited:

   (1) hot tubs;
   (2) spas;
   (3) saunas or steam rooms;
   (4) portable wading pools; and
   (5) natural bodies of water, and other unfiltered, nondisinfected containments of water.

(c) When children enrolled in a family child care home participate in aquatic activities, there shall be at least one person who has a life guard training certificate issued by the Red Cross or other training determined by the Division to be equivalent to the Red Cross training, appropriate for both the type of body of water and type of aquatic activities.

(d) Children under the age of three shall not participate in aquatic activities except, to the extent necessary, to implement any child's Individualized Family Service Plan (IFSP) or Individualized Education Program (IEP).

(e) The family child care home operator shall be responsible for supervising the aquatic activity for the duration of the activity. Adequate supervision means that the operator shall be able to hear, see, and respond quickly to the children who are in the water and children who are out of the water.

(f) Prior to children participating in aquatic activities, the operator shall develop policies that address the following:

   (1) aquatic safety hazards;
   (2) pool and aquatic activity area supervision including restroom or changing room use;
   (3) how discipline is handled during aquatic activities;
   (4) the operator's specific field trip and transportation policies; and
   (5) that children shall be directed to exit the water in a prompt and orderly manner during an emergency.

(g) Parents must provide written permission for participation in aquatic activities. The written permission shall include a statement that parents are aware of the operator's aquatic policies specified in Paragraph (f) of this Rule. The operator shall maintain copies of written parental permission in each child’s file.

(h) Any outdoor swimming pool which is located on the family child care home premises shall be enclosed by a fence that is at least four feet high, shall be separated from the remaining outdoor play area by that fence, and shall be locked and inaccessible to children when not in use.

(i) Swimming pool safety rules shall be posted in a prominent place visible to children and staff for any swimming pool located on the child care facility premises. These rules shall state:

   (1) the location of a first-aid kit;
   (2) that only water toys are permitted;
   (3) that children shall not run or push one another;
   (4) that swimming is allowed only when the operator is present; and
   (5) that glass objects are not allowed.
(j) All swimming pools used by children in care shall meet the "Rules Governing Public Swimming Pools" in accordance with 15A NCAC 18A .2500 which are incorporated by reference, including subsequent amendments. A copy of these Rules is on file with the Division of Child Development and Early Education, 820 South Boylan Avenue, Raleigh, NC 27603, or may be obtained at no cost by writing the North Carolina Division of Environmental Health, 1630 Mail Service Center, Raleigh, NC 27699-1630.

(k) Educational activities, such as observing tadpoles, exploring mud or learning about rocks and vegetation, are permitted around bodies of water. However, if children will be in the water for any part of the activity, Paragraphs (a) through (g) of this Rule shall apply.

(l) Boating, rafting, and canoeing activities are permitted. Prior to participating in recreational activities conducted on the water, children shall wear an age or size appropriate personal floatation device approved by the United States Coast Guard. This personal floatation device shall be worn for the duration of the activity.
